

Digital Entrepreneurship in Sweden & Ukraine & Georgia

Experiences between
2012 - 2017

Welcome to a seminar promoting young digital entrepreneurship & innovation in Ukraine, Georgia and Sweden.

We are a network of entrepreneurs and educators from Ukraine, Georgia and Sweden who have collaborated since 2012 in building educations and innovation infrastructure.

During the seminar, we will share our experiences so far from an education perspective, you will also hear from successful young entrepreneurs sharing their journey so far, and hear about future visions of the region from a political perspective.

Finally, we conclude the seminar with sharing our thoughts on future collaborations and opportunities.

When?

Friday June 16 between 9:30 – 14:00

Where?

City Conference Centre at Norra Latin,
[Drottninggatan 71B](#)

How?
